High School Schedules Outdoor Graduation

David Theodorowicz, principal of Agawam High School, has announced that graduation will be held at Harmon Smith Football Field at the high school.

The ceremonies are scheduled for Friday, June 6 at 6:30 p.m.

In the event of inclement weather notification will be made over local radio and television stations; and ceremonies will be postponed until 6:30 p.m., Saturday, June 7 and, if

necessary, will be further postponed until 3 p.m. Sunday, June 8.

All graduates have been given seven white invitation cards for use by families and friends. If absolutely necessary, additional tickets may be obtained at the high school office Monday, June 2 through Friday, June 6 between 2 p.m. and 3:30 p.m. Admission will be by ticket only. Each senior has also been given two blue tickets to be used if ceremonies (because of inclement

weather) must be held in the high school auditorium on Sunday. Since there are approximately 340 graduates and the auditorium holds only 800, only two blue tickets will be given to each senior. No one will be admitted to the auditorium without a blue ticket.

During the proceedings on the athletic field, (if weather permits ceremonies to be held outside) spectators are asked to remain seated at all times so that others will not

have their view obstructed. The Line Street gate adjacent to the goal line refreshment stand, will be open for the convenience of people who would find it difficult to walk the relatively long distance from the parking lot to the grand stand. This area is for the discharge of passengers only.

Juvenile Justice Seminar At AIC

The Speakers for the summer workshop, "The Other Face of Juvenile Justice" offered by American International College, in conjunction with Downey Side Homes, were recently announced by Clinton M. Bowen, dean of continuing education.

This third summer workshop, which will study the family as an essential unit for youthful development and the problems of foster care and other settings apart from the family, offers the study of an alternative.

We have seen the narrow, single face of juvenile justice for much too long. It is the face of rehabilitation that is ineffective. It is the cold face of detention centers and institutions where the lives of our youth are administered away. It is the face of social injustice, victim blaming, and the denial of a youth's basic constitutional rights.

Juvenile Justice" emphasizes the rights of juveniles rather than expediency, where the basic family structure is supported not denied.

This workshop will call upon the expertise of leading family-life consultants and parents who morally adopt latency age children. The special guest speakers will include: Dr. Albert Solnit and Atty. Joseph Goldstein, co-authors of "Beyond the Best Interest of the Child", Judge Lisa A. Richette, Criminal Court,

Philadelphia, Pa. author of "Throwaway Children", Sheriff Michael J. Ashe, Hampden County; Atty. Elton Kilbanoff, director of office for children; Commissioner Joseph Leavy, department of youth services, Commonwealth of Massachusetts; Dr. Eleanor Lucy, University of Conn.; Judge Tullio Francesconi, chief justice Springfield Juvenile Court; Judge Rudolph Sacco, special justice, Hampden County Probate Court; with other guest speakers active in the field of youth development.

There are several options for those wishing to participate; The first is a full-time two-week involvement for fourteen days from Monday, June 2 through Friday, June 13. Students selecting this session will be involved in morning, afternoon, and evening sessions on each of the fourteen days, Saturday and Sunday included. This session, which will be offered at Bucksteep Lodge in the Berkshires, will be open to graduate students and a limited number of college juniors and seniors. Dormitory rooms and catered meals will be available at a very reasonable extra charge.

The second option is a three-week session scheduled for five days each week from 9 a.m. to noon and from 1 to 4 p.m., June 30

through July 18. This session will be open to graduate students and a very limited number of college seniors. Students may elect to take this workshop for three or six semester hours of credit

or on an auditory basis. For further information contact: Dean, Summer School, American International College, 737-5331, or Downey Side, 1532 Bay St., Springfield, 781-2123.

TIME TO BEGIN
TIME TO BEGIN is an award-winning film produced by Colonial Williamsburg as a contribution to the Governor's Conference on Natural Beauty, largest of its kind ever assembled in Virginia. Winner of a Chris statuette in the Columbus Film Festival and of an honorable mention in Holiday magazine's "Beautiful America" competition, TIME TO BEGIN strikes out in several directions at elements which threaten to destroy America's natural beauty.

Scene after scene of magnificent countryside and metropolitan elegance are followed by harsh pictorial evidence of man's neglect and indifference: scattered beer cans and trash, polluted air and water, mammoth auto graveyards, landscapes torn and mutilated by industrial ravage, and everywhere the overwhelming bombardment of bad taste, the frantic barrage of tinsel, chrome, and plastic, hurling slogans and appeals at the public.

The film is an urgent testimonial that now is the time to prevent the rape of America's beauty.

All film showings begin at 6:30 p.m. at the Agawam Center Library, 733 Main Street and the public is cordially invited to attend.

Each Spring and Fall, for eight weeks, the Agawam Public Libraries hold a story hour designed for children of pre-school age. While the youngsters enjoy the many talents of staff member and

storyteller, Mrs. Jeanne Hofmann, the mothers are listening to a guest speaker as they enjoy a coffee and doughnut hour.

The story hour is usually held on Friday mornings at

10 a.m. Pre-registration is necessary as space is exceedingly limited.

A similar story hour is held simultaneously in the Feeding Hills Library. Cancelled this Spring

because of that library's disrepair, it will, hopefully, be reactivated in the Fall.

The popularity of the program proves that for all — learning and libraries can be fun!

Judicial Nominating Commission To Hold Public Hearing

The Judicial Nominating Commission has announced it will hold a public hearing on June 11 regarding the vacancy in the District Court of Springfield caused by the retirement of Justice Charles D. Sloan.

The Commission, established in January by Governor Michael S. Dukakis, screens candidates for all judicial appointments. The Governor must appoint new judges and court clerks from lists of recommended candidates.

At the hearing — the Commission's third since its 11 members were appointed February 13 — views will be solicited on the needs of the District Court of Springfield and the particular qualifications or skills the new judge should possess.

The hearing will be held at 7 p.m. Wednesday, June 11 at the Springfield City Hall, Room 218, Old Aldermen Chambers, Springfield. The court's jurisdiction includes the towns of Springfield, West Springfield, Agawam, Longmeadow and East Longmeadow.

The public hearings, required under the executive order establishing the J.N.C., "will be an integral part of our process of

recommending qualified candidates to the Governor to find a successor to Justice Dudley," said Raymond J. Kenney Jr., chairperson.

Kenney urged interested citizens from throughout the court's jurisdiction to make their views known at the public hearing. But he noted that the Commission requires that comments about particular individuals be submitted only in writing to the Judicial Nominating Commission, P.O. Box 1, Boston, 02133. Any person willing to be considered for this vacancy who has not already contacted the Commission at the above address should do so immediately since the Commission will be scheduling interviews soon.

FIRST AID FOR THE HOME

(Attach to medicine cabinet)

BURNS: To reduce pain in *first degree burns* (reddened skin) and small *second degree burns* (blisters develop), submerge in cold water, if available, until pain subsides. Or cover with thick, dry, sterile dressing and bandage firmly to exclude air. Do not break blisters. For a *third degree burn* (deep tissue damage), apply a thick, dry, sterile dressing and bandage to keep air out. Then get medical help immediately.

For eye burns, wash eye thoroughly with water for 15 minutes. Hold eyelid open and pour solution from inside corner out. Put pad over closed eyelid, bandage, and get medical help.

CHOKING: If the victim is breathing adequately, do not attempt to dislodge the object by slapping the person on the back. Let him or her cough and get in the position most comfortable. If there is great difficulty in breathing (person turns blue and appears near death), try to dislodge obstruction. Lay a child over a supporting object or turn an adult on his side and apply several sharp blows on the back between the shoulder blades. If the person does not resume normal breathing, give artificial respiration and send for medical help immediately. If relief is obtained after a period of choking but the object is not expelled, take the victim to a doctor or hospital.

CUTS OR SERIOUS BLEEDING: To control bleeding, apply direct pressure and elevate the wound if it is an arm or leg wound. If the bleeding is *not* severe, wash the wound with soap and water, apply a dry, sterile dressing, and bandage snugly. Get medical attention if necessary.

HEART ATTACK: Two principal symptoms of an acute heart attack are extreme shortness of breath and a chest pain that may radiate to one or both shoulders or arms or to the neck or jaw or both.

A heart attack victim should be kept lying down, usually without a pillow. For shortness of breath, raise the head and chest with pillows to the most comfortable position. Assist in administering prescribed medicine. If medical advice is available within a reasonable time, the victim should not be transported until after medical aid has been given. The victim should remain lying down during transportation. If breathing stops, give artificial respiration.

SHOCK: Three symptoms of shock are pale, cool, clammy skin; weak and rapid pulse; and general body weakness. Since shock may not be apparent immediately, give shock care to all seriously injured persons. Keep the victims lying down. Cover them only enough to keep them from losing body heat. (It is better for them to be slightly cool.) Get medical help as soon as possible.

POISONS: Keep calm; act promptly.

1. Call physician or poison control center.
 - Be prepared to answer—
What poison was taken
How many or how much
Weight of patient or approximate age
 - Follow directions given.
2. Follow antidote directions on container, if available.
3. Do not induce vomiting if patient—
 - Is unconscious or in a coma
 - Is having convulsions
 - Has swallowed a corrosive substance that burns the mouth or throat (toilet bowl cleaner, lye, or similar substance)
 - Has swallowed a petroleum product (kerosene, lighter fluid, or the like)
4. Induce vomiting for other poisoning by—
 - Placing patient face down with head lower than hips
 - Tickling back of throat with finger or using syrup of ipecac, if available.
5. Dilute and neutralize poisons—
 - Give milk or water for any type of poison.
 - For acid corrosives (such as toilet bowl cleaner, rust remover, or sulfuric acid) give milk of magnesia after initial fluids.
 - For alkali corrosives (such as drain cleaners, washing soda, or bleach) give water and vinegar or lemon juice after the initial fluids.

GIRLS SOFTBALL

"We lacked consistency," said coach Carol Capitani after the girls softball team ended the season with a 8-8 mark.

Billed as a Valley Wheel pre-season favorite, Agawam finished fourth in the league behind Ludlow, Minnechaug and Longmeadow, although the Brownies outdueled the top clubs four times in six total games.

"We had one of the strongest teams in the league," Capitani observed. "We played up to our potential only against the better teams. We just were not consistent against the weaker opponents."

A prime example of the girls up-and-down campaign took place in the final two weeks of the regular season.

The Brownies needed a sweep of their last four games to qualify for the Western Mass. Tournament and two of the four outings were against tough adversaries.

Agawam's path began by shocking undefeated Ludlow 7-2 in a brilliant exhibition May 16, at home. The girls also outslugged West Side, a top club from the Valley League 20-19 Wednesday, May 28. Sophomore short stop Diane Mercadante rapped a pair of homers to lead Agawam's attack.

Between the Lion and Terrier victories, Capitani's charges lost to South Hadley

May 20 and East Longmeadow May 23, two very weak league foes. The back-to-back setbacks shattered any Brownie hopes for tournament consideration.

Capitani's senior battery of catcher Jane Benerakis and hurler Rhonda LaValle, the two mainstays of the club throughout this season, were praised by the second year coach for their many fine performances. "Jane and Rhonda held things together when we needed it," Capitani said.

Coming through for Agawam offensively were juniors Cheryl Gardner (.437) and Janice Reutt (.415). Martha May led the club in the RBI department with seventeen followed by Benerakis' fourteen.

Others meriting Capitani's praise were Diane Mercadante, an outstanding sophomore shortstop and senior tri-captain Linda Pisano. Pisano played solid around second while showing ample power at the plate.

NOTES: The girls are losing only three starters (Benerakis, LaValle and Pisano), so things look good for next season. Martha May also led the club in homers with 3. Agawam will have a junior varsity squad next spring to complement the varsity. Agawam's final Valley Wheel mark stood at 5-5.

Netmen's Tatro, Stefanik Downed In Quarter Finals

Rick Stefanik (left) and Tommy Tatro recently ended their fine tennis careers at the high school. The Brownies were knocked out of the Western Mass. Team Tournament by Mt.

Greylock in the first round. Stefanik and Tatro were a highly regarded doubles tandem during their three seasons on the court. The duo reached quarter-final play this spring in the

Western Mass. Doubles Tournament, and were top seeded last year in post season competition before bowing to Longmeadow in the semi-finals.

Last year 3,806,278 units of blood were donated by Good Neighbor volunteers to the Red Cross for treatment of the ill and injured. Were you one of them?

Brownies Hoist Valley Wheel Flag

Maybe Coach Gerry Smith knows what he's talking about.

Stuck To His Guns

Prior to, and right through this season, Smith stuck to his guns and said his squad would claim the Valley Wheel title for the fifth time in seven seasons.

Smith's prophecies materialized on Friday, May 30 as Agawam clobbered East Longmeadow 11-2 on the Spartan's home turf.

Agawam's win, coupled with Ludlow's 10-1 shellacking of South Hadley the same afternoon, gave the locals a 9-3 league mark, one game ahead of the Tigers and Lions who tied for second place honors.

"We needed a little help at the end from Ludlow," Smith said. "The kids just were coming back and coming back all season long. 'Spunky' is how I describe them," he added.

Quinn - Architect

The architect of Agawam's third consecutive league championship was Tommy Quinn's brilliant 3-1 no-hitter Tuesday, May 27 in Longmeadow.

The Brownies fifteen hit eleven run seige against East Longmeadow three days later put the icing on the cake.

"That was the best Tommy has pitched since I've had him," Smith said in reference to Quinn's no-hitter. "Tom had good control, an excellent curve, and his fastball was just unreal."

Whiffed Sixteen

Sixteen Lancers went down on strikes against Quinn. Amazingly, the Brownie ace fireballed the last fifteen outs of the contest on whiffs.

On May 30, against EL, senior third baseman Rick Mastroianni's four hits led Agawam to their lop-sided win. The victory also gave the Brownies an automatic berth into the Western Mass. Tournament which began for Agawam on Tuesday, June 3, in Holyoke. Agawam's first opponent was Pittsfield.

"Each and every kid on this team made at least one contribution to the championship," offered Smith. "We had our bad and flat games, but we just kept coming back."

Smith's starting lineup for most of the season was senior Jeff Carmody at first; sophomore Gary Nolin at second; Randy Economidy, a senior, at shortstop; and senior Rick Mastroianni (a shoo-in for all league honors) at the hot corner.

Outfield

In the outfield Smith utilized seniors Doug Miller, Rolland Denoncourt; Quinn, when he wasn't pitching and junior Mark Drouin.

Agawam's mound crew consisted of Quinn as number one starter. Junior Skip Stuart was in the number two starting role. Seniors Jarty Davilli, Rollie Denoncourt, John Sapelli and John Moccia did a fine job in spot starting and relief roles. Senior Stan Choiniere and junior Steve Laksy split receiving duties.

Seniors Greg Forsman, Ted Graziano and sophomore Dan D'Alma helped in utility spots as pinch hitters or in an occasional starting position.

For the fifth time in seven seasons, Agawam Coach Gerry Smith has led the Brownies to a Valley Wheel baseball championship. Team members are, from left to right (first row), Rick Mastroianni, Gary Nolin, Rolland Denoncourt, Tommy Quinn, Doug Miller; (second row) Steve Lasky,

Skip Stuart, Dan D'Alma, John Conte, Mark Drouin; (third row) Stan Choiniere, John Sapelli, John Moccia, John Fedora, Jeff Carmody; (fourth row) Coach Pete Ronchi, Coach Walter Ugolick, Greg Forsman, Marty Davilli and Coach Gerry Smith. Photo by David Pulaski.

NOTES: Quinn ended his outstanding high school career with 21 wins. His ERA this season was 1.03. Agawam's final record stands at 13-6. Mastroianni led the team in hitting with a .380 average. Still can't believe that perfect eleventh inning punt Greg Forsman

laid down against East Longmeadow, May 9, in the 1-1 thirteen frame marathon.

Randy Economidy had a fine season switching from second base to short stop. The locals drew a number four seed in the Class L tournament.

Danahy Students Present Special

The fifth-grade students at Danahy school put on a program honoring Memorial Day on Thursday, May 22. The program was presented for their school and parents. The theme was "Fight to Keep the American Way of Life." The play was directed by their teachers, Mr. Louis Spiro and Miss Linda Smith.

The program included students dressed in occupational clothes found in the city, singing "City Blues," people dressed as children from the South, fishing as they sang "The Crawdad Song"; and a duo playing the spiritual, "Swing Low, Sweet Chariot." The next four couples danced to "Hoedown," while accompanied by two boys playing mouth harps; girls twirled batons to "Yankee Doodle Dandy," by George M. Cohan, and a girl read "The Flag Goes By" while "The Battle Hymn of the Republic" was played in the background. Then the choir sang "My Country 'Tis of Thee" and "America, the Beautiful." The assembly was concluded with the entire fifth grade and audience standing to sing

"This Land Is Your Land." The theme of the program was chosen to honor all Americans and to point out that people from the city, country, North, South, East and West have all contributed to the heritage and culture of our country.

Home Rule, State Assistance To Communities

Dukakis Issues Policy Statement

Governor Michael Dukakis distributed copies of his policy statement to his Cabinet secretaries last week.

The Governor's text: "The Commonwealth has 351 municipalities, most of which are confronted with serious problems.

"As a means of identifying problem areas and developing possible solutions, I established in January the Governor's Local Government Advisory Committee. During the monthly meetings with the Advisory Committee, members have expressed a number of major concerns,

two of which I would like to convey to you.

1. The Advisory Committee has been particularly concerned with strengthening and developing the Home Rule concept in Massachusetts. The Committee is establishing a subcommittee with about 10 members, including local public officials and recognized Home Rule experts.

"The subcommittee's responsibility will be to develop a specific program to encourage the implementation of the Home Rule Amendment to the Constitution. Among objectives of the subcommittee will be: (1) to recommend a "package" of legislative reforms, (2) to develop a community education program, and (3) to make recommendations for administrative reforms.

"There has been little progress in the implementation of the Home Rule Amendment since its

adoption in 1966. I strongly support the Local Government Advisory Committee's current efforts to improve this situation, and I encourage you to support and cooperate with the LGC and its Home Rule subcommittee.

"Second, the Advisory Committee has expressed concern regarding the relationship between local government and state administrative agencies.

"Thus, I would like to charge each cabinet member with the responsibility of encouraging each agency under his jurisdiction to cooperate fully with the state's municipalities and assist them whenever possible.

"While I have instructed the Secretary of Communities and Development to focus his efforts on matters of local concern, I would like to emphasize that the cooperation and assistance of all Secretaries is essential."
